20 PER CENT U. S. STEEL WAGE CUT IN EFFECT ON MAY 16

Third in History of Corporation Affecting Coke Workers.

1919 FRICK SCALE LIKELY

Restoration of 1919 Basic Rate for Mining Would Cut It From \$3.21 to \$2.66 Per Hundred Bushels, Inside Labor From \$6.55 to \$4.75 a Day.

As was forecast in the last edition of the Courier, Tuesday, in an Associated Press dispatch, the United States Steel Corporation, late in the day, announced a reduction in wages for day labor at manufacturing plants 20 per cent, effective May 16, with the statement that other rates of pay, including salaries, would be adjusted suitably.

No announcement of the new scale has been made by the U. S. Steel Corporation nor is any information available, but assuming that a horizontal reduction of 20 per cent will be applied to the wages of employees of the coke company, the scale of December 1, 1919, would be restored, approximately. The scale put into effect on that date, marked the ninth successive advance from January 1, 1908, during which time the base rate for pick mining of coal was increased from \$1.20 to \$2.66 per hundred bushels and the rate for inside day labor from \$1.75 to \$4.75; the seventh from April 1, 1912, in which period the rate for mining coal advanced from \$1.44 per hundred bushels and the day labor wage from \$2.15; the increase of 1912 being the next immediately preceding the outbreak of the World War. The base rate for coal mining under the scale of September 1, 1920, now in effect is \$3.24 per hundred bushels and the inside day labor wage \$6.55. The reduction announced Tuesday is the third in the history of the steel corporation as applied to the coke industry. The first was during the depression of 1903, the scale becoming effective December 16 of that year. On March 1, 1907, the former scale was restored. On January 1, 1908, a cut similar to that of 1903 was made, but two years later, January 16, 1910, the old scale was restored. Since that time there had been 10 successive advances, increasing the base rate for mining coal from \$1.44 to \$2.66 per hundred bushels and inside day labor from \$2.15 to \$4.75 per day.

About 20,000 employees of the H. C. Frick company will be affected. According to information given out in New York, 150,000 to 175,000 employees of the steel corporation will be affected by the cut.

During 1920 the average daily wage of employees was \$6.98, as against \$6.12 in 1919, according to corporation figures. Total salaries and wages disbursed by the steel corporation in 1920, when the total number of employees was 287,000, aggregated \$681,000,000 annually.

On the basis of the reduction announced Tuesday, corporation officials indicated the average cut in wages at approximately \$1.40 a day per man. Roughly, this will effect a reduction in the payroll, calculated on the present number of employees, of not less than \$150,000,000 annually.

The average wage paid each worker, including day workers and salaried employees last year, amounted to \$6.12. The amount will be reduced to \$4.90 as a result of the latest reduction. The labor cost a ton of finished steel last year, according to the corporation, amounted to \$40.80, and the reduction a ton of steel will amount to about \$3.16.

The new wage scale for the day workers on a 10-hour basis, as stated above, brings the rate down from a present basis of \$5.05 a day to \$4.05, but sharp decrease as this may seem, the new scale will benefit more than 100 per cent above the scale paid at the beginning of 1916. Figures on an hourly basis of the rate will be reduced from \$1.20 to \$1.10, a slightly more than 8 per cent cut.

At the status of the 12-hour day the rate will be reduced from \$1.50 to \$1.20, a 20 per cent cut. After long and painful negotiations, the rate has not been able to find a precedent basis for entire abandonment of the 12-hour day or turn in the immediate future. However, we have already eliminated the 12-hour shift in certain departments and shall continue our efforts in this direction with the hope and expectation of making the elimination of the 12-hour day complete during the next year. We do not believe we can satisfy our employees with any shorter shift.

The announcement followed a two-day conference in New York with executives of the various subsidiary companies of the corporation. The action on the part of the steel corporation in the reduction was considered of far-reaching importance in view of the effect it will have on the steel industry as well as on the industry in general.

Famous Georgian Takes Seat in Senate

Senator Thomas E. Watson, of Georgia, comes to the Senate in the place of Senator Hoke Smith. He was nominated on an out-and-out anti-Wilson platform in the Georgia primaries.

WAGES OF WORKERS IN PRINTING TRADE IN CHICAGO REDUCED

Arbitration Committee Cuts \$1.55 Weekly from Incomes of Four Major Crafts.

CHICAGO, May 4.—A wage reduction of \$1.55 a week of the four major printing crafts in Chicago was announced today by an arbitration board, four members of which were chosen by the employers, four by the employers and a ninth selected as an arbitrator by the others.

Under the decision, compositors were reduced to \$46.85 a week, pressmen to \$47.85, feeders to \$39.85 and bookbinders to \$42.15.

Americanization Commencement in Uniontown Is Off

Last minute developments necessitated a cancellation of the Americanization exercises to have been held in Uniontown this evening in connection with the naturalization court. G. W. West, naturalization examiner, and Mrs. Breashears, head of the night schools, announced last evening that they had been compelled to call the exercises off and had accordingly notified the speakers. The schools are scattered in the various sections of the county and owing to the inconvenience of attending the exercises a number of the schools through their employers requested that the exercises be held in the respective schools.

Mr. West has visited several of the schools and awarded the certificates to those who successfully completed their courses in government and English. It had been planned to examine a number of them at the proposed exercises and award the certificates. These were to be presented in court, where they were to take the oath of allegiance and be inducted into citizenship.

Baltimore & Ohio Police Send 54 to Jail During April

Baltimore & Ohio railroad police made 54 arrests during the month of April. The majority of the prisoners were charged with trespassing or train riding.

Of the number arrested 51 were committed to the county jail in Uniontown. Their sentences ranged from 10 to 30 days, in the majority of cases being 30 days.

The report shows a decrease as compared with the first three months of the year. It is taken as an indication that the activity of the officers here is beginning to have an impression on professional hobo who are now taking another route.

Guardian Appointed. The Citizens Title & Trust company of Uniontown was appointed by the Fayette county court yesterday guardian for Mary E. Senior of Dunbar, adjudged to be a weak-minded person.

Mrs. Senior was unable to appear in court.

BERGDOLL'S "POT OF GOLD" NOT IN WEST VIRGINIA

Location Given to House Committee as "Somewhere Near Hagerstown."

COMMITTEE HAS SECRET

But Chance Is Slight of Its Revelation Lending to Maryland Town Being Made Mecca for Treasure Hunters; Samuel Ansell Again on Stand.

WASHINGTON, May 4.—Samuel Ansell, former acting advocate of the Army, who was counsel for Grover Cleveland Bergdoll's release under guard from Fort Jay, N. Y., to search for a "pot of gold" was subjected to further cross-examination today before a House committee.

Doubt as to where the pot of gold was hidden was cleared to some extent and by Ansell's explanation mountaineers of West Virginia might as well give up the search. Bergdoll, it was said, told his lawyers that the burial place was somewhere in the mountains of Maryland. Its location was not revealed beyond the word that it was "out of Hagerstown."

J. H. Sherburne of Boston, counsel for the committee, knows where Bergdoll says it was hidden but there was no indication that the location would be made public to become a mecca for treasure hunters.

Ansell testified his first knowledge of the \$150,000 in gold obtained from the treasury by Bergdoll's people came from the late D. C. Gibbons of Philadelphia, of counsel for Bergdoll. Answering Mr. Sherburne he said he never investigated the story by asking treasury officials if it were true. The witness declared he relied on the statement of Gibbons and former governor Westcott of New Jersey.

Westcott yesterday testified he knew nothing of the gold until after Bergdoll's escape.

LEADERS THREATEN SYMPATHETIC STRIKE OF MARINE WORKERS

NEW YORK, May 4.—Leaders of the widespread marine strike announced today that all union men affiliated with seagoing organizations would be called out to combat the 15 per cent wage cut put into effect by ship owners. At the same time managing operators of Shipping News vessels adopted resolutions pledging strict compliance with the orders of Chairman Benson of the Shipping Board that the wage cut effective May 1 be maintained.

SURVIVORS LANDED

Sixty-Five of Those Saved From Japanese Steamer in Hospital.

SEATTLE, Wash., May 4.—Portuguese of the 65 survivors of the Japanese freighter "Tokyo Maru," which burned to the water's edge yesterday off the Oregon coast, with a loss of eight lives, were in Seattle hospitals today suffering from shock and exposure. The remaining 22 survivors reported themselves recovered from their experiences. Only one body of the eight dead has been recovered.

The survivors reached here late last night aboard the United States Army transport, Buford, noted as the "honor ark," which transported Alexander Barkman, Emma Goldman and other deported persons to Russia. Officers of the Buford and survivors told many dramatic stories of the fire and their escape from the vessel.

DAYLIGHT SAVING UPHELD

Allegheny County Court Refuses to Striker in Pittsburgh.

PITTSBURGH, May 4.—Judge Shofar, in common pleas court here, today refused the application for an injunction to restrain the city from enforcing its daylight saving ordinance. The application was filed by a committee of labor union men and motion picture owners.

It is reported that some agitation is being created to have Connellsville council adopt the daylight saving plan in use in Pittsburgh. Council will be asked to put the clocks forward on Sunday, May 15, it is said. Council meets Monday night, May 9.

Dr. Bell Convalescing. Dr. H. J. Bell, who was ill of facial erysipelas at his home at Dawson, is convalescing. He is able to be out but has not resumed his practice.

NINETY MOROS ARE SLAIN BY CONSTABULARY

MANILA, P. I., May 4.—Ninety Moros, including Maharajah Untong, a religious fanatic leader, were killed Sunday by a detachment of Philippine constabulary in an engagement near Tagbilaran on the island of Sulu, 500 miles from here, according to advices received today at constabulary headquarters.

FOUR FAST FREIGHT TRAINS ADDED TO W. M. SCHEDULE

Traffic Continues to Grow on Trunk Line Passing Through City.

TWO GO EAST, TWO WEST

Perishable and Merchandise Compose Bulk of Traffic Handled; Improvement Noted Also on Baltimore & Ohio Road; More Crews in Service.

Further evidence of a gradual improvement in traffic along the Western Maryland railway was shown Monday night when four new fast freight trains were added to the growing schedule of the Connellsville division at Dickerson Run, where the Western Maryland receives from the Pittsburgh & Lake Erie railroad.

The freights are designated as Nos. 1 and 3 from New York to Chicago and 2 and 4 from Chicago to New York, each bearing perishables and merchandise. The trains terminate at Baltimore, where they are handled by other roads going east.

Each day since April 20 has seen a larger number of cars of freight and empties moving east and west along the Cumberland division. Baltimore & Ohio railroad, and additional crews have been called into service on both railroads.

Police Inspector Is Slain in Sinn Fein Outbreak in Scotland

GLASGOW, May 4.—A police inspector was shot dead in a detective wounded today in what is believed to have been the first Sinn Fein attack on the police in Scotland. The Sinn Feiners fired on policemen who were escorting a van conveying a man to prison, killing Inspector Johnston instantly and wounding the detective.

DALTON JURY DISCHARGED

Half of Members Favor Freeing Confessed Bank Clerk.

CHICAGO, May 4.—The jury in the case of William Dalton, 18-year-old bank clerk, who stole \$77,000 worth of Liberty bonds from the Northern Trust company, discharged and was discharged today after it had deliberated for nearly 20 hours.

About half of the jurors were understood to have been in favor of acquitting the self-confessed bond thief.

Raids of German U-Boats Along The Atlantic Coast Produced Liveliest Days of Whole War

By JOSEPHUS DANIELS
Former Secretary of the Navy.

Copyright 1921, by John F. Dillon, Copyright by National Newspaper Service, Copyright in Great Britain, Canada and throughout Europe. All rights reserved, including translation into foreign languages, including Scandinavian. Unauthorized reprinting for any purpose forbidden.

One of the liveliest days of the whole war for the navy department was Monday, June 3, 1918. It will be many a year before I forget it.

Sunday a U-boat had suddenly bobbed up about 40 or 50 miles off the New Jersey coast and sunk four schooners.

That was hard-hitting for a war hypothetically 3,000 miles away. It certainly stirred things up in our corner of Washington. When I received the newspaper correspondents that Monday morning I faced a life of questions as rapid as that of any machine gun in France.

"What is the navy doing to protect our shipping?"
"Why did it let the submarine sink those vessels?"
"Have you sunk the U-boat?"
"Won't you recall our destroyers from Europe?"
Gets 5,000 Calls.

While I did my best with the sager, impatient and persistent gentlemen of the press, telegrams were pouring into the department by the hundred, and the telephone was ringing with urgent messages, radio messages, phone calls and other inquiries were handled by the navy. The halls and offices of the department were thronged with anxious people, shippers and ship owners, and friends and relatives of captains and crews. And everybody wanted information.

There was general alarm along the coast from Cape Cod to Cape Sable. If one U-boat was ever here, why might another?

OBSERVER AT REPARATIONS MEET POSSIBLE

Opinion in Washington U. S. Will Not Accept Invitation to Sit With It.

OFFICIAL TEXT AWAITED

Members of Commission Confer in London on Details of Final Plan; Study of the Form Rather Than Essentials Occupies the Attention.

WASHINGTON, May 4.—Decision as to American representation on the Allied Reparations council, and the reparations commission was held in abeyance today pending receipt of invitation from the Allied governments. Officials preferred to await the official text before discussing the question in any way. In some administration quarters, expression was given to a doubt that the United States would consent to formal representation on the Supreme council but it was suggested that it was possible an unofficial observer would be named to sit in at the session.

LONDON, May 4.—The Allied governments' final plan for Germany was being reworked today by members of the reparations commission into two parts. One of these is the purely legal portion conforming to the treaty of Versailles while the other relates to the guarantee bonds which it is planned to issue as security for the German payment and the rate of interest upon these securities. These questions are outside the provisions of the treaty.

It is not possible to determine yet what applications will be presented to Germany but according to present intentions the reparations commission will send to the German government next Friday a bill of liability strictly in compliance with the peace treaty while simultaneously the Allied governments will send another part of the plan as a modification of the treaty favorable to Germany and which she can accept or not.

It was explained today that what was being studied now were questions of form rather than of essentials.

LONDON, May 4.—A German official dispatch from Berlin this afternoon says there is no foundation for the report that Germany has made a new reparations offer to the Allies.

BOYTS PORTER CO. LOWERS SCALE TO JULY, 1920, FIGURE

Boyle-Porter & Company has announced a wage reduction, reported to be about 10 per cent, to become effective on May 1. The cut will affect the entire working force of about 50 persons.

Although exact figures were not obtainable at the offices of the company, it was announced that the cut would place the wages of employees at the same figure as in July, 1920. Since that time there had been an increase in wages but due to the industrial depression the cut was made necessary.

Effective last Monday there was also a cut in the working force. Fourteen employees were furloughed for a month because of the slowing down of work.

MINISTER ATTEMPTS LIFE

Rev. James E. Finley, Dragged from River in Serious Condition.

PITTSBURGH, May 4.—Rev. James M. Finley, former pastor of the Presbyterian churches in Oil City and Akron, O., was dragged from the Allegheny river today by an unidentified man who saw the minister wading into the stream.

Fines and Forfeits Collected By Police Dept. in April \$707

The report of the mayor for the month of April shows that police were kept busy and came within \$300 of collecting \$1,000 in fines and forfeits. The total amount shown in the report, including taxes, was \$2,684.46.

There were 105 arrests made during the month and of this number of persons 12 were discharged, eight were committed to jail and 81 paid fines. Four constables' prisoners were held during the month.

INDIANS ATTACK VILLAGE

Many Killed and Wounded by Peruvian Aborigines.

LIMA, Peru, May 4.—Indians attacked the village of Juli in southern Peru April 30 and many persons were killed and wounded before goodnights and civilians succeeded in driving the aborigines from the town, says a dispatch to a newspaper here.

Three undergo operations. Abolition of Coon of Point Marion. Charles Edward Rutherford and Lucius McMillen of Connellsville underwent tonsil operations at the Cottage State hospital this morning.

Prince Albert Of Monaco

The sovereign of the tiny country of Monaco (known everywhere because of its capital, Monte Carlo) in the United States to receive the American Medal awarded him for his valuable scientific researches. This is his fourth visit.

Y. M. C. A. DRIVE FOR MEMBERS ENDS; TOTAL AROUND 100 MARK

Comparatively Small Number Due in Large Measure to Industrial Depression.

The Y. M. C. A. membership drive closed yesterday and although it was not as successful as had been planned the total of new memberships and renewals will reach about 100. All captains did not attend the supper at the "Y" last night and Secretary W. F. Underwood was unable to give out the exact total.

Although the official dates for the drive have come to an end a number of the canvassers will endeavor to see more of their prospects within the next few days with a view to adding to the total.

The membership will increase further when business on the railroad picks up. At present there are very few of the railroad men holding memberships, mainly because of the lack of work, but those who voluntarily enroll.

France Observes 100th Anniversary Napoleon's Death

By Associated Press.

PARIS, May 4.—France today began a two-day observance of the centenary of the death of Napoleon. At 6:49 Thursday after a salvo of artillery at the Invalides will mark the passing of a century since the death of the great warrior and will close the exercises.

JAMESTOWN, Island of St. Helena, May 4.—Observance of the 100th anniversary of Napoleon's death recalls the fact that there are still three living eyewitnesses of the emperor's stay here. Two of them have reached the age of 170 years and are silent concerning their acquaintance with the great soldier. The other, just a little over 120 years old, still repeats from time to time the name of General Bonaparte. The first two are huge tortoises which share in the pond of the superb park surrounding the plantation house while the other is a little old grey parrot belonging to a sailor. He is called "Napoleon."

AMERICAN EXPRESS GIVES NOTICE OF REDUCTION JUNE 1

Eighty Thousand Persons Will Be Affected By Wage Revision.

RULES CHANGE JULY 1

Railroad Unskilled Wage, Should Be Revised Upward, Rather Than Down, Federal Board Told by W. J. Laucke, Economist, at Hearing.

NEW YORK, May 4.—The American Railway Express company announced here today it had notified its 80,000 employees that it contemplates a revision of wages to be put into effect June 1.

The company's statement follows: "In view of the changes in conditions that have occurred since the establishment of the present rates of pay and rules governing working conditions this company has given notice to all concerned of its desire to make effective June 1 a revision of rates of pay and effective July 1 a revision of the rules governing hours of service and working conditions to a basis that will be fair and equitable. The company is arranging a conference with the employees in the hope of arriving at an arrangement mutually satisfactory. Failing to agree that matter will be referred to the United States Labor Board."

CHICAGO, May 14.—Wages of unskilled railroad employees should be adjusted upward and not downward if the cost of living and the rates of pay in other industries are to be used as basis in deciding the railroad workers' pay, W. J. Laucke, consulting economist for the unions, told the Railroad Labor Board today at the hearing into the carriers' demands for lower wages.

Mr. Laucke declared that the figures presented by the railroad, showing certain decreases in living costs and indicating that wages for unskilled labor is in most industries lower than the pay given railroad workers were deceiving.

He presented a table of wages of unskilled coal mining workers, building trades labor, steel labor, longshoremen, municipal employees, navy yard men, arsenal employees and marine workers. These workers, he said, were receiving more money than unskilled railroad employees.

He particularly stressed the pay of steel workers, saying the United States Steel Corporation paid common labor 80 cents an hour.

Cost of living figures based on decreases in wholesale prices should not be considered by the board, he said.

DISAGREE ON GRADE

Patterson Avenue Residents Must Concur by Monday.

Council has given residents of the eastern end of Patterson avenue, which thoroughfare is to be improved this summer, until Monday night to come to an agreement on the grade they desire. Some have advocated a grade of a foot and a half and others desire less than a foot.

Members of council met with a committee composed of S. D. Sipe, H. J. Blocker and C. O. Hans last evening and the matter was freely discussed. It was suggested that a grade of a foot be agreed on and it was also desired by council that property owners of East Patterson avenue sign a paper to waive all damages for a grade cut.

MINISTER ATTEMPTS LIFE

Rev. James E. Finley, Dragged from River in Serious Condition.

Child Phenom in Musical World Appears in Stu- dents' Recital.

SHOWED ABILITY AT FOUR YEARS

Now, at Age of Eight, Betty Kate Stone
Plays Most Difficult Numbers With
Apparent Ease; Former Scottdale
Girl; Wrote; Other News of the Day.

Special to The Courier.

SCOTTDALE, May 4.—A recital was held in the lecture room of the First Baptist church last evening when Miss Margaret Kriesbaum introduced to the public three of the talented members of her class, Miss Betty Kate Stone, pianist; Master Richard Stauffer, violinist; and Junior Stauffer, harpist. Miss Betty Kate Stone, eight years old, is the daughter of Mr. and Mrs. C. E. Stone. At the age of four years Betty Kate showed talent and her mother, who is proficient in music, took charge of her, carefully training her. Last year she was turned over to Miss Kriesbaum. She plays the most difficult numbers with ease, as well as accompanying very cleverly. The Stauffer brothers are sons of Mr. and Mrs. C. W. Stauffer.

Homes to Meet.

Invitations were issued yesterday by La Société, 40 Hommes of 8 Chevaliers, which will hold "In grande gala de la saison" Friday, May 6, in the American Legion hall. The committee in charge is composed of F. H. Collins, R. F. Bigler and E. P. Mackey.

Mrs. Moore Given Divorce.

Mrs. Ada E. Moore of Scottsdale has been granted a divorce from her husband, Joseph J. Moore of Connelville, on grounds of cruelty and barbarous treatment. The decree was handed down in Greensburg.

Engagement Announced.

At a prettily appointed dinner given by Ellen G. Erickson of Junction Avenue, Youngstown, O., the engagement of Miss Lillian M. Berquist of Youngstown and J. Paul Shear, son of Mrs. J. R. Hildway of South Chestnut street, Scottsdale, was announced. Covers were laid for 12. The table and for a centerpiece kawaii dolls in a bridal array adorned with clusters of Columbia and opelia roses. Favors for the women were corsage bouquets of opelia roses and for the men were boutonnières of sweetpeas and forget-me-nots.

T. M. C. A. Directors.

At the election of directors of the T. M. C. A. for the coming year the following were re-elected: J. T. Lips of the Presbyterian church, J. M. Stauffer of the First Baptist church, J. I. Murphy and R. F. Darsey of the Christian church and W. F. Stoner of the United Brethren church. The board will meet Friday evening to organize.

Eighteenth Anniversary.

Mrs. H. C. Fox on Saturday afternoon entertained at her home here 10 little girls in observance of her daughter Dorothy's eighteenth anniversary. Those present were Carolyn Clingerman, Virginia Loucks, Phyllis Loucks, Marjorie Rullerford, Dorcas Halus, Ada Catherine Miller, Anna Mary Nutt, Lena Jeffries, Evelyn Watt, Dorothy and Jeanne Fox. Refreshments were served.

Miss Stoner Promoted.

Miss Oma B. Stoner, a Scottsdale girl and teacher in the Union City high school, has been elected vice principal for the coming year with an increase in salary.

Mrs. Hockenberry Entertains.

Miss Lillian Hockenberry entertained a few of her friends at cards at her Chestnut street home on Monday evening.

For Miss Kromer.

Miss Zella Lowe gave a dinner at her Chestnut street home in honor of Miss Ethel Kromer of the First National bank force, who has resigned her position there. Covers were laid for 10.

The Golden Opportunity.

To buy is now when the Sample Sale at Bendinger's will be continued for a few days longer. Prices such as these can only be found once in a long time and to those persons willing to buy ready to wear apparel it is worth their time and money to pay us a visit. Bendinger's Ladies Store, as you get off the car.—Adv.

Cupp-Beckhiser.

NEVER LOSES DAY FROM HIS JOB NOW

Doesn't Feel Like Same Man Since
Taking Tania—Gives 17
Pounds.

"It certainly was a lucky day for me when I got Tania for I've gained seventeen pounds in weight by taking it and haven't an ache of any kind left," was the statement made by George Roberts, 129 Franklin street, Johnstown, Penna., well-known painter.

"At the time I began taking Tania I had suffered from stomach trouble until I thought my time for this world was getting short. I don't think I ate one good meal in five years, and what little I did eat often hurt me so bad I just doubled up like a jack-knife. I had splitting headaches and dizzy spells, when I just had to live for a time, and my nerves were in such bad shape I could scarcely get any sleep and always felt tired and worn out."

"Nothing helped me until I got Tania, and I'll say, too, that I was pretty badly discouraged when I began taking it. But now I don't feel like the same man, am eating three hearty meals every day and never have the least trouble with my stomach. I sleep strong and well in every way, sleep like for every night and never lose a day from work on account of ill health. Tania certainly has done wonders for me and I'll always praise it."—Adv.

insburg, a former Scottdale girl, and Frank Beckhiser of Everett, at the bride's home on Saturday evening at 5 o'clock. Mr. and Mrs. Beckhiser will live at Edgewood Acres.

Club Entertained. Miss Harriette Harden entertained the Tuesday Night club at her home at 1400 North 10th street. Fourteen of the members were present. After the program was rendered, refreshments were served.

For Sale. Six-room house, five acres good land, garage, 20x20, one and two-tenths miles from Iron Bridge street car stop. An ideal home. Can give immediate possession of land and of house in 30 days, for \$3,700; \$2,000 down, balance secured by first mortgage. E. F. DeWitt.—Adv.-1-4

Personal News.

Mrs. J. M. Zimmes and son, Donald, have returned from New York where they have spent several weeks.

James McElhinney has gone to Patuxent to visit his parents.

STYLE FOR EVENING GOWNS

Paris Made Fashions of Brand Individualism in Selection of Garments for Formal Wear.

From the spring openings in Paris comes the report that the style for evening gowns continues to be "peler-tique," which being interpreted into English means means each girl for herself and each in his own way. There is much to be said in favor of this, for it gives a large variety from which to make a choice and it allows that trend toward individualism in dress to have full and uninterrupted sway. The Parisian designer this season, it seems, has accomplished every manner of style and has drawn for his ideas upon every source of inspiration.

For instance, he has done a great deal in the way of Spanish evening gowns which show panniers bulging out over the hips in many and voluminous folds. A frequent trend here is termed "The Empress Eugenie" and when the sort of gown is cut very low, as it often is, there are delicate spiral chains of metal slip over the shoulders and to hold the gown in place. At this house, too, there is to be seen another evening fashion which discloses completely one shoulder and which has a point of the draped fabric reaching over the other shoulder leaving the back quite free from covering. Over the uncovered shoulder a strap slips to hold the gown in place. It is the evening gown which was boxed in Paris during the winter season and which Robert has seen fit to repeat, as has also the house of Madeleine of Madeleine.

Modele of Madeleine have a fascinating evening gown of metal braided in Persian references. One arm is left entirely without a sleeve of any sort and the other one is covered with ropes of pearls wound about to form a sleeve tightly fitting and transparent.

The Oriental influence dominates all of the gowns shown by Paton. The robe called "Cleopatra," as its name suggests, is wholly Egyptian in character. It has a belt of metal ornaments set with emeralds. Another termed "Cleopatra's Favorite" is of light brilliant gold, interspersed with green and gold threads.

FASHION NOTES OF INTEREST

A fine black lace frock has a tulle of black ostrich fringe. Piques and smart bow trimmed hats are prominent in the spring showings. Some of the new skirts shown in Paris are only a "rouche" fastened to an elongated bodice.

Appliques of colored leather are seen on pieces of pattern leather. Gray and "honeydew" is a shade deeper than apricot, is a smart combination.

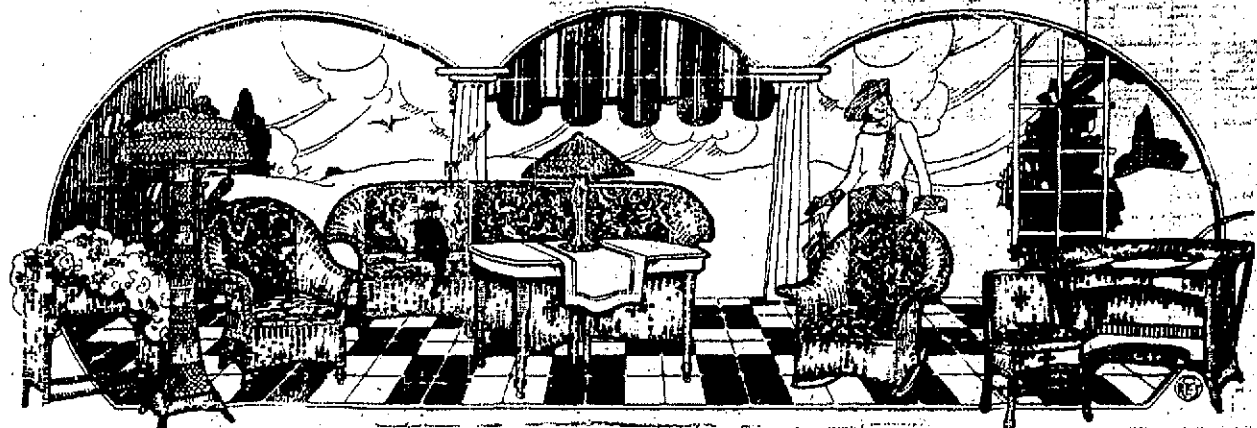

While many drooping effects are seen on the spring millinery, some extremely high effects are also prominent.

Reports from abroad acclaim the deeply fringed shawl as the favored evening wrap. Handkerchief draped panels are chic on a white tulle gown.

Leather, fingered and colored pique are seen in French waistcoats and blouses.

Summertime Comforts Very Low-Priced

This special one week's selling of the famous KARPEN Fibre Reed Furniture presents many unusual values in Furniture that will provide cool comfort for you this Summer. And right at this time our stocks are very complete—giving you the largest and most extensive varieties to choose from.

Connellsville's Reliable
AARON'S
Housefurnishers Since 1891

Included are comfortable Chairs and Rockers, some plain, others upholstered—Settees, Tables, Lamps—in fact everything that will add to the comfort and attractiveness of your Home. Here we can show but a few of the values—you'll find a great many others equally attractive on our Floors.

A Very Inexpensive Set that will Provide Cool Comfort!

This Three-Piece Porch or Lawn Set—Specially Priced at Only

\$25.25

Choice of "Karpen" Chair or Rocker—Priced at

\$10

Here is a set, so low in price, that every Home can enjoy the many comforts it provides. Consists of 3 ft. Settee, comfortable Rocker and Arm Chair—exactly as shown in the illustration. All three pieces are sturdily constructed to give long-lasting service. The finish is the popular baronial brown which is weather-proof and practically indestructible. Don't miss seeing this unusual value.

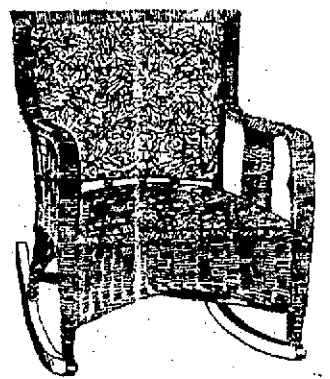

Exactly as shown—these pieces are well made and are finished in baronial brown. Exceptional values at this low price.

4 Ft. Settee to Match—Specially Priced \$19.75

This "Karpen" Table
Specially Priced \$10

Just as pictured—this Table is substantially built and is finished in the popular baronial brown.

This "Karpen" Rocker
Specially Priced \$18.25

This Rocker is exactly as shown—very comfortably built. Has loose cushion seat and back upholstered in a durable grade of Tapestry.

This Showing of Complete Suites—All Very Moderately Priced—is One that You'll at Least Enjoy Seeing

We are now showing a splendid variety of complete suites that are most appropriate for the Sun Parlor or enclosed Porch—with Tables, Ferneries and Floor Lamps to match exactly.

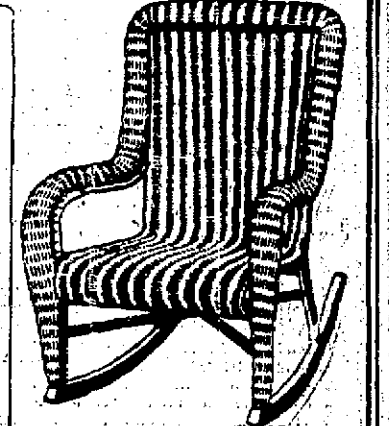

There are a number of beautiful finishes to choose from—including the popular frosted brown, Chinese blue, ivory and gold—so that even the most discriminating taste can be suited.

Come in and see this display. For it's not alone one that you'll enjoy seeing—but the moderateness of the prices that prevail during this week will also be a pleasant surprise for you.

Tapestry and Velour Upholsterings will Give Better Wear

In buying upholstered Summer Furniture for your Home, it is well to remember that pieces upholstered in Tapestry or Velour will give far better service and satisfaction than those upholstered in cretonnes or other lighter materials.

To the average purchaser, the matter of coverings may seem only of minor importance—but you'll soon realize the difference in your Furniture after a few months' use.

This Comfortable "Karpen" Rocker at \$8.75

This Rocker has a heavy roll arm and is very solidly built. The finish is baronial brown.

This "Karpen" Fernery
Specially Priced \$15

This Fernery is also finished in the popular baronial brown—and is exactly as shown in the illustration. Comes complete with a heavy galvanized iron liger. See this value.

Dickerson Run.

M. and after changing engines and crews continued on to Pittsburg, arriving back at Dickerson Run at 8 P. M. The train was composed of eight cars, with between five and six hundred excursionists.

Thomas McGowan has returned to his home at Donora after a few days' visit here with relatives and friends. Ellsworth Conn was a Connelville business caller Saturday.

Mrs. J. C. Livelygood of Dawson and Mrs. J. C. Jacobs of Liberty, were Pittsburg shoppers yesterday.

Mrs. J. K. Evans, Mrs. J. Robertson and Mrs. Harry Cassel were Connelville shoppers yesterday.

Mr. and Mrs. B. F. Snyder returned to their home at Perryopolis last evening after spending the day here the guests of Mr. and Mrs. Henry Hunker.

A. K. Goodman, superintendent of the Pittsburg & Lake Erie power plant here, spent Sunday at his home in Pittsburg.

William Smith, signal maintainer here, spent yesterday with his family at Beaver Falls.

Mr. and Mrs. Harry J. Crawford and son of East Crawford avenue, Connelville, spent yesterday visiting the former's parents, Mr. and Mrs. J.

Allen Crawford of Dawson.

Gus Drenburg and O. Gibson spent Sunday with their families at Monessen.

Edward Leonard of Dawson was a business caller at Connelville yesterday.

A Sure Cure for your Warts is the use of our classified column. Try it.

Get Rid of That Persistent Cough Stop that weakening, persistent cough or cold, threatening throat or lung affections, with Eckman's Alternative, the tonic and expectorant, or 25 years' successful use. 30c and \$1.00 bottles from druggists, or from ECKMAN LABORATORY, Philadelphia.

Dawson.

DAWSON, May 3.—Fred Burdette moved to Uniontown Sunday.

Mrs. James Lambrey was a Connelville visitor Saturday evening.

Thomas have been busy the last few days hauling slag on the road leading from North Dawson to the Sacred Heart church. The streets were covered with slag two years ago in North Dawson and make fine roads.

Mr. and Mrs. Charles Galt visited at the home of the latter's sister, Mrs. Martha Mason of Connelville Sunday afternoon.

Mrs. Lee of McKees Rocks spent the week-end at the home of Mrs. Wilson Beers, North Dawson.

Mrs. Carrie Ober was a recent

Pittsburg Caller.

William Forst was a Connelville visitor Saturday.

Miss Alpha French of Dickerson Run has accepted a position in the J. P. Black general store.

Mrs. Charles Dingle of West Newton was calling on friends here Sunday.

Randall Reese has moved his family into the Neville building.

Convention Bill Signed.

ALBANY, May 4.—The Whiteley bill regarding the direct primary law in its application to nominations for state and judicial officers and providing for a return to the former system of party nomination, conspicuous for candidates for such offices, became a law today with the approval of Governor Miller.

NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

Alexander Dugan, Veteran
Frick Employee, Called
by Death.

NEW MEMBER ON ARMORY BOARD

John W. Miller Is Elected Secretary
and Treasurer; Captain Dan Morgan
Smith Lectures; School Board Dis-
cusses of Routine Business; Notes.

Special to The Courier.
MOUNT PLEASANT, May 4.—Alex-
ander Dugan died yesterday morning
at his residence, in Braddock Road
avenue. Mr. Dugan would have been
thirty years old on May 21. He had been
resident of Mount Pleasant and an
employee of the H. C. Frick Coke com-
pany for 37 years. He was a mem-
ber of the Re-Union Presbyterian
church, the I. O. O. F. and the Pro-
tected Home Circle. He is survived
by his wife and the following children:
Mrs. Ernest Copeland, Mount Pleas-
ant; Mrs. A. E. Lakin, Mount Pleas-
ant; Alex Dugan, Jr., Cleveland, and
a brother, Thomas Dugan, of Green-
burg.

Funeral services will be held at the
home of his daughter, Mrs. Ernest
Copeland, Braddock Road avenue, at
2 o'clock Thursday, with interment in
the Mount Pleasant cemetery.

John W. Miller on Armory Board.
John W. Miller has been chosen the
civilian member of the state armory
board and has been elected secretary-
treasurer. Mr. Miller is very capable
for the position. He has been con-
nected with the National Guard for
a number of years and was chief
clerk of the draft board of this dis-
trict during the war. The other
members of the board are Captain
William Smith and First Lieutenant
Ted Smith.

School Board Meets.
The school board held its regular
monthly meeting on Monday, evening
paid the bills and looked after rou-
tine business.

Captain Smith Here.
Captain Dan Morgan Smith lectured
to a large audience at the Re-Union
Presbyterian church last evening.
He has pronounced it one of the
best lectures ever heard in this vicin-
ity.

Personal News.
Have you old and dirty carpets
leaved up like new by the Goodwin
Co., Conneltsville. Adv.—27-1td.
Richard McLean has returned from
Uniontown where he was called by
the illness of his brother, Samuel Mc-
Lean.

FOR SEVENTY YEARS NORDYKE & MARMON COMPANY HAS STOOD FOR HONORABLE
MANUFACTURING, FOR CLEAN, FAIR DEALING AND FOR BUSINESS FAIR PLAY

Now \$3985

MARMON 34

Was \$5000

Next Year's Prices Now!

Not a new model. Not a lesser car. Not
a single cheapening. Not one accessory re-
moved. But the finest Marmon ever built!

THE Marmon 34 henceforth will sell
on the 1922 price basis. We give you
now the revisions we will obtain eventu-
ally in raw materials and lowered manu-
facturing costs.

This \$3985 Marmon 34 is the identical
\$5000 Marmon—not a new model, not
a lesser car. There is not the slightest
compromise in quality. The entire differ-
ence is due to the times.

The \$3985 Marmon 34 is, in fact, the
finest car we ever built. We've used the
recent lull—never closing our factory
—to make added refinements. The Mar-
mon 34 has continued to sell as the
foremost \$5000 car.

We have made this re-
vision at the earliest op-
portunity—six months
sooner than antici-
pated. We make one com-
plete reduction, instead
of several steps down-

ward. Our new price is based on the an-
ticipated lowered production costs of the
next 18 months.

The \$3985 Marmon 34 is complete—it
includes all its extra equipment and acces-
sories. Nothing has been removed. It is the
finest car we ever built, a car that will give
you constant pride of ownership.

Thus we fulfill our ambition to bring the
Marmon 34 within the reach of thou-
sands who have longed for a deluxe car.
Now the lower price establishes the
Marmon 34 unquestionably as America's
foremost quality car.

The result of this reduction is certain—
it will multiply Mar-
mon sales many times
over. The bare an-
nouncement of the new
price is sufficient to
attract thousands. So
we recommend instant
ordering.

—FRIDAY AND SATURDAY—

A Western Adventure Starring William Fairbanks

WORLD IS FAR FROM FAMINE

Only One-Third of Its Potential Food
Producing Area at Present Un-
der Cultivation.

Only one-third of the world's poten-
tial food-producing area is under cul-
tivation, and the crops raised on that
third, thanks to agricultural science,
increase yearly.

The United States has only some 400
millions of its 3,635 million acres of
arable land under cultivation, yet it
raises, among other things, one-sixth
of the world's corn supply. The farms
of America raise less than half as
much wheat to the acre as those of
England, yet even with her present
standard size could raise enough corn

to meet the needs of Europe of the
land that is now lying unused.

Russia produces only ten bushels to
the acre of corn, but when science
has access to her untold millions of
acres, and brings their capacity up to
the standard of our own farms, then
she alone will be able to supply the
world's cereal needs, with the excep-
tion of maize and rice.

Less than a third of the world's popu-
lation gets what we should call three
good meals a day, yet the working op-
portunities of the farm are vast, and
undoubtedly continents of Asia and Af-
rica will compare very well with either
Europe or America. The average
man consumes of the world is 20
pounds a head, yet both the Australian
and the American eat nearer 150
pounds a head, and the Englishman

is not far behind, with about 120
pounds.

It is evident, then, that we can fight
our hunger a hole or two yet with-
out running any undue risk of starva-
tion.—Philadelphia Inquirer.

Old Papal Palace Restored.
The ancient castle of Avignon, near
Lyons, France, papal residence from
1309 to 1417, has been recently re-
stored, and it is planned to furnish it
with medieval furniture from the
Vatican. The mayor of Avignon ap-
pealed to the mayor of Rome to help
in obtaining the desired furniture
from the Vatican's administration.
Up to now the famous castle is un-
furnished and there is nothing wish-
ing the building to remind one of the
splendor of the fourteenth century.

Another Big Proof that Selling for Cash

—Means—
Selling for Less

And it means selling for less without lowering the
quality of our merchandise, and we never intend to do
that. Everybody is looking for the lowest prices on
merchandise and that makes us look for the best way
to sell at lower prices, because we know that giving
people what they want increases our volume of busi-
ness rapidly.

SELLING FOR CASH ENABLES US TO LOWER
PRICES BECAUSE IT CUTS OUT SO MUCH EX-
PENSE OF DOING BUSINESS. It means more money
in your pocket or more things you can buy with your
money.

Little Tots, 2 to 5 Years, GINGHAM DRESSES

—94c—

Regular \$1.50 values in neat checks and plaid
effects—piped collar and cuffs and combination trim-
mings. Pinks, blues and dark patterns. On sale Third

PROSPECTS OF CHURCH LEAGUE FOR THIS CITY BRIGHT; MEET MONDAY

Representatives of Seven Churches Discuss Plan at Meeting in "Y."

MUCH INTEREST EVIDENT

Prospects of a church league for Connellsville looked bright last night when representatives from a number of churches of the city gathered at the Baltimore & Ohio Y. M. C. A. for a discussion of the project. Another meeting will be held next Monday night, which further action will be taken.

The churches represented last night were the Covenant, Baptist, United Presbyterian, Trinity Lutheran, First Presbyterian, Methodist, Protestant and Immaculate Conception. The league may be reduced to six clubs, and members of churches not included could then play on the other teams, thereby strengthening them.

W. F. Underwood, secretary of the Y. M. C. A., said that institution was willing to loan the bill and furnish the equipment provided the members of the league became members. He said arrangements would be made to allow the members to play on the other teams during the three months of their desired term. The matter will be taken up at the different churches on Sunday and a report made next Monday night. A committee composed of Thomas Jones of the United Presbyterian, Karl Murphy of the Covenant and William Percy of the Baptist church was appointed to draw up rules for the league.

Belonging No. 1 Wins.
The Leislering No. 1 boxing team took honors Monday night in a contest with the Leislering No. 3 team. James and Bennett Grimm, both of the former pair, won their bouts from Joe Wardle and Martin Lambert respectively. Charles Washburn and Andy Warruck fought to a draw and Ted Pritchard forfeited to William Pink by failing to appear.

INDEPENDENTS WILL HAVE TWO GOOD TWIRLERS

The Connellsville Independents will carry two strong pitchers throughout the season. Ralph Herold, of Pittsburgh, who worked most of the games for the Cokers last season, will again be offered. He writes that "you can bank on me to give my best to the Cokers." He says he notes that Connellsville must be expecting a banner year and adds: "I know that the loyal fans of the Cokers region will support us." He has already begun to work out, he writes.

The other moundman will be "Rabbit" Hauser, also of Pittsburgh, who won a game for the Cokers on the fourth of July last year when the American Chain was played. He writes that although he is playing with the American Chain team this season, that aggregation has five pitchers and he doesn't get a great amount of work. Hauser would also be available to play second base or the outfield.

DUKE BARRY TO HAVE STRONG ROAD OUTFIT

Duke Barry, who has been promoting boxing shows in this city throughout the winter, has organized a baseball club to be known as "Duke Barry's All-Stars," to be strictly a road outfit. He will book games abroad, especially on Sundays. Barry claims his line-up will be one of the strongest in Western Pennsylvania and to back this up he is arranging games with such teams as the McElroy's of Youngstown, the Bauers of Wheeling, the Grayhounds of Pittsburgh, etc.

BOXING SHOW TO BE HELD MONDAY
Another boxing show, what may be the last one of the season, will be staged at Slavic hall on Memorial Day night. There will be four bouts, Duke Barry announces. Barry intends to show that he is a real sport and will give half the net proceeds to the Connellsville Independents baseball club.

The South Connellsville Cubs are anxious to book games with teams in the 11 and 13 year class. Aggregations desiring games are requested to address Manager Walter Guard, South Connellsville, Pa.

Sporting Squibs of All Kinds

Hoppe runs 500 at 18.2. Ought to make a good track man.

Many a championship boxing contest turns out to be just a bout—but not quite.

Leach Cross, who is in California, announces a desire to return to the ring.

The big splash in the sporting world comes when the swimming season opens.

A lot of players kick about golf rules and a lot of others don't know there

are any.

No matter how nice a spring, the weather is always looking forward to next fall.

One of the major operations of the spring will be a concerted drive on the links.

C. B. Kizer, center, has been elected captain of the West Virginia basketball team for 1922.

Jack Hutchinson, Chicago professional golfer, won the north and south open championship at Pinehurst, N. C.

Even the British people have been poking fun at the Carpenter-Dempsey battle. Maybe it will be funny.

Many a boxer feels with his left and then with his right and then all over. Will the referee please count ten?

Columbia Country club, Washington, D. C., will conduct the open golf championship over its course July 19 and 22.

The Louisville club has transferred infielder Harry Wolfe to the Mobile club.

Fred Merkle's contract with the Rochester club, it is stated, is for two years.

Washington has closed the deal with Traup for purchase of Ben Lemon and Debee Foss.

The Los Angeles club has sold Catcher Pete Lapan to the Galveston club of the Texas league.

If there was something in the baseball cellar it would turn the major league races upside down.

Baxter Sparks, veteran pitcher, will manage the Clarksville team of the new Mississippi State league.

Placido Cox, right-handed pitcher, has been released by the Detroit club to Joplin of the Western league.

The Rochester International league team has a full-blooded Seneca Indian for a trainer. He is Aaron Powis.

TWO PHILLIES STAY ON

The Philadelphia Nationals may shift players, managers and even owners rather frequently, but there are two men who stay on. They are: Sam Payne, park superintendent, who has been with the club 24 years, and Bill Shetler, business manager, who has been with the Phillies so long he has lost count of the years, but does remember that he has seen 14 managers come and 13 of them go.

MUST MAKE HIS HITS LONGER

Babe Ruth Will Have to Stretch Drives in 1922 Just Two and Nine-Sixteenths Inches.

Babe Ruth will have to stretch his home runs in 1922. Whether the right field stands of the Yankees' new home mean a longer drive than a stellar home run walloped at the Polo grounds appears to have been the first question to Messrs. Ruppert and Huston by the fans. Colonel Huston settled the matter in these words: "At first I was under the impression that our right field would be just the same length as at the Polo grounds. I believe I may have been even quoted to this effect. However,

Babe Ruth.

I find upon close examination of the engineering plans that Babe Ruth will be compelled to stretch his home runs in 1922. "I find that our right field is longer than the Polo grounds is just two and nine-sixteenths inches."

Oil Securities

(Their Market Relationship)

Why do these issues resist market pressure in the face of general declines? What is the answer to this anomaly?

As specialists of years' experience in handling Standard and Independent Oil Securities we have in preparation an analytical review so clearly outlining the reasons and facts.

Mr. and Mrs. J. H. Weaver have

moved to Smithfield where they will make their future home.

Walter Welsh of Friendsville, Md., visited friends here over Sunday.

Mr. and Mrs. Orville Elieman visited friends in Rockwood Sunday.

Robert Johnson is improving from a severe attack of rheumatism.

Mrs. Charles Minder has returned to her home in Rockwood after a visit with her parents, Mr. and Mrs. E. L. Brown.

U-BOAT RAIDS ON COAST MADE DAYS LIVELY AT CAPITAL

Continued from Page One.

So, or three, or four. There was no saying where the enemy would strike. Such was the feeling and, of course, we heard from it.

The last of the four questions which I have given as coming from the newspaper correspondents came from all over the country, but especially from the coast.

"Won't you recall our destroyers from Europe?"

No! was it always phrased so politely or as diffidently as this. Sometimes it passed from the interrogative to the imperative and became an emphatic command.

No Recall of Destroyers. Obviously it was quite impossible for the navy department to satisfy all these inquiries or to answer the very pointed questions of the newspapermen. We could not tell the public what we were doing, what ships were being sent out and where. We might as well have cabled the information to Germany.

Most of our destroyers and other patrol craft were in European waters, out we had no idea of recalling them.

In the first place, to cover every point where submarines might appear, patrol adequately the waters of our long coast line and to convey all coastwise shipping—which was what excited individuals were insisting we should do—would have taken not less than a thousand vessels.

In the second place, nothing would have suited Germany's purpose better than to scare us into withdrawing our forces from the European hunting grounds and perhaps abandoning our mine barrage across the North sea.

We were doing everything possible, but we realized that we would have to accept the likelihood of some small craft being sunk—possibly a few teachers—but that at all costs we must keep the line of communication clear by which troops and supplies were carried to the fighting front.

West Keep Road Open. Germany had sent her U-boats across the sea mainly for the purpose of interrupting the transportation of troops and supplies. Failing in this their long and perilous adventure would be without military effect.

Our first duty, I said to the newspaper men that morning, is to keep open the road to France to protect troop ships and supply vessels. We are doing all we can to protect all shipping and commerce, but that must be our first thought.

And that policy was so well carried out that not one troop ship or cargo ship was delayed in sailing a single day, and the months in which enemy submarines were operating almost continuously off our coast were the very months in which we broke all records in troop transportation.

Deutschland Comes Back.

There were six U-boats which made the voyage from Wilhelmshaven or some other German port to the region of American waters in 1918—the U-151, the U-156, the U-140, the U-117, the U-155 and the U-152. The U-155 was the Deutschland which doubtless you remember as the submarine that arrived in Baltimore on a July Sunday in 1918 and was hailed as a marvellous demonstration of German enterprise and audacity. Some of us in the crowd, since whether it was a demonstration of German force, right or other words, an experimental voyage, in peaceful guise, to determine whether, should we get into the war on the allied side, it would be possible to do a little sinking off our coast.

However that may be, when the Deutschland returned as the U-155 she came armed with powerful guns and carrying torpedoes.

Space will not permit the detailed

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten simply evidence that excessive secretion of acid is taking place in the stomach causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full oppressive burning feeling sometimes known as heartburn while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this pouring of the food contents of the stomach and to neutralize the acid and make it bland and harmless a teaspoonful of Bismarck's Magnesia, a good and effective corrector of acid stomach should be taken in a glass of water or hot or cold water after eating. It is a perfect business and inexpensive remedy.

An antacid, such as Bismarck's Magnesia, which can be obtained from any druggist in either powder or liquid form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms so be certain to ask for and take only Bismarck's Magnesia which is especially prepared for the above purpose.—Adt.

narrative of the exploits of this sex let of U-boats. I will limit myself to one or two of the more striking incidents connected with each of them. I have them above in the order of their arrival.

Big Killing June 2.

The U-151 was playing about not far from our coast for several days before she disclosed her presence. Her first had come to us that steamers had been gunned at sea and that an unfriendly periscope was headed in our direction. Prompted by these we sent broadcast a special warning on May 16. On May 19 the Nyanza was gunned 300 miles from our coast. When the U-151 made her big killing on June 2, she had on board the crews of three small schooners she had sunk some days before. Though she sank a number of vessels, her visit was brief. She began her homeward journey on June 13 and reached her German port on August 1.

The shelling of the Pe in Amboy, a tug and three barges within sight of Cape Cod Vene was the work of the U-155 which left Germany about the time the U-151 was starting home. She began work in American waters in July. Her exploit in shelling a tug and barges aroused general indignation and contempt. There were persons on the barges including three women and five children. The U-boats' torpedoes missed their mark, but her shells set fire to the barges and they ultimately sank. The U-155 did a good deal of damage but we had our revenge. On her way back to Germany she ran foul of the North sea mine barrage composed almost wholly of American mines laid by American vessels and was so badly damaged that she sank. Two weeks of her survivors were landed on the Norwegian coast, the fate of the rest is unknown.

U-boat Sinks Lightship.

The U-140 left Germany about a week later than the U-155 and worked in American waters in July and August. She chiefly distinguished herself by the sinking of the Diamond Shoals light ship off Cape Hatteras. Near the end of August, after a temporary disappearance, she came up again away to the north. She sank the British steamer Dioned and next day attacked the Pleiades. The latter returned her fire and the U-140 damaged and sinking quit the fight. The U-117, a more recent arrival, went to her aid and accompanied her back to Kiel where they arrived on October 25.

The Deutschland of the U-155 arrived early in August. She made a full record for damage done before she returned home. It was the Deutschland which fought a duel with the U. S. S. Frank H. Buck in which the U-boat got the worst of it. The Buck reported that two of her shots took effect and the Deutschland submerged. She was not injured enough to put her out of commission however. A few days later we heard from her again sinking ships. But on September 13 she ran into another chosen victim which declined to be victimized without an argument. The British merchantman Newby Hall returned her fire and a shell put her forward gun temporarily out of action. The U-155 made off.

For a week she seems to have engaged in mine-laying off Halifax and the Nova Scotia coast. Then she got back in the fighting game and had a battle with the American steamship Amphion to which she did serious damage. After an hour's due however the Amphion was still afloat and the Deutschland abandoned the

night Sinks the Unsinkable.

On her way back to Germany she sank the Lucia known as the unsinkable ship, because she was fitted up with buoy in boxes. This device did not keep her from sinking but it kept her afloat 22 hours after she was torpedoed.

The Deutschland sea her home on November 13 four days after the arrival of the U-155.

The U-152 never came within a close range of our shore. She operated far out and in mid-ocean but she was after an elusive ship. She fought a thrilling battle with the Ticonderoga. The navy crew of the cargo transport fought for two hours inflicting serious losses in life and casualties. Both

ships guns were disabled and the ship herself finally sank. Survivors of the crew had a terrible experience, clinging in open boats. Only 21 of 247 men aboard the Ticonderoga were saved.

The U-152 was recalled on October 29 by the German radio order. All submarines return to Kiel. That meant the great U-boat plot to torpedo civilization had failed.

An interesting article in the Courier formerly Secretary Drake's will answer the question of the U-boats who opposed a division of the navy into two big fleets.

CHANDLER SIX

Famous For Its Marvelous Motor

High Quality at Low Price Has Put Chandler in First Place

WHAT are you going to drive this year, and for several years to come? We want to tell you why it should be a Chandler.

There are a hundred thousand Chandlers on the road now. From a modest beginning eight years ago, but with the pioneer idea of a six to sell for less than two thousand dollars and with a really good car and an organization that knows how to build good cars, the Chandler has gone steadily into a position of leadership.

Chandler Stands Apart, Free From Keen Competition

AND 1921 will be no exception in Chandler progress. For the Chandler never occupied a more distinctive position than it does today. Chandler price sets the Chandler apart from competition.

Price Always Kept Low and the Reasons Why

THE Chandler price has always been kept low without sacrifice of quality. This has been made possible by the most efficient management, the most modern factory and the highest financial credit with sources of supply, together with the fact that we have always built one chassis, developed and refined as the years have passed, but never abandoned, because constantly more popular.

Chandler resale value is relatively higher than that of any car, after a like period of service.

The Chandler Offers You Unmatched Value

THE Chandler motor, which, in the early days, was named "The Marvelous Motor" by Chandler owners, has always been thought of as the prime feature of the Chandler car, and it probably is. But all the other units and equipment of the

\$1930

Cord Tires Standard Equipment

Chandler chassis are of the same high quality, the same splendid character of design. The whole chassis is of fine, sturdy construction.

The motor has won supremacy in its constant performance in the hands of its owners. It has a dependability of service under any and all conditions that not many other cars can show.

Distinguished Chandler Motor Features

AMONG distinctive motor features are the solid cast aluminum motor base, extending from frame to frame, the magneto equipment, the heavy counter-balanced crankshaft, extra large bearings, silent chain drive for auxiliary motor shafts, the combination manifold and a cooling system which makes it impossible for the motor to overheat if there is water in the radiator and oil in the crankcase.

Importance and Superiority of Magneto Ignition

CHANDLER ignition is supplied by the Bosch High Tension Magneto, as it always has been. Many high-priced American cars and all foreign cars are magneto-equipped. The great majority of trucks are magneto-equipped. Practically all airplanes and motor-driven fire apparatus and nearly one hundred per cent of all farm tractors have magnetos. The fastest racing records have been made by magneto-equipped cars.

There is no question as to the marked superiority of magneto equip-

ment. We could make a very considerable saving, by the use of the battery-distributor system, which is called upon to start the starter, blow the horn, light the lamps and furnish the ignition; but the greater efficiency of the magneto more than compensates for the added cost.

The magneto gives the Chandler motor a hotter, fatter spark, igniting the gas quickly and completely, and its simplicity of wiring and absolute dependability make it the ideal ignition equipment.

A Wide Choice of Beautiful Comfortable Bodies

CHANDLER bodies are most pleasing. The big seven-passenger touring car is the leader perhaps, but the snappy, sporty four-passenger Dispatch car, the lithe, marine-gray two-passenger roadster, and the chummy four-passenger roadster, have their own large followings. All four of these models are upholstered in genuine hand-buffed leather and softly cushioned.

Thousands have chosen the Chandler sedan and the coupe as their all-season cars and found them ideal in any weather. They are of beautiful design, and, which is equally important, they are substantially built. The upholstery is of silk velour and the interior fittings in dull silver finish.

The Chandler limousine is of striking appeal to those desiring a chauffeur driven car.

Stability and Responsibility Back of the Chandler

STANDING back of the Chandler car, and responsible for its honest quality, is one of the notably strong organizations of the motor car industry.

You will find an uncommon degree of satisfaction in the ownership of a Chandler car.

IODINE HEALS RUNNING SORES, QUICK RELIEF

Old Sores, Abscesses, Boils, Ulcers, etc., are best treated and most quickly healed by the application of Iodine. A well-known authority who also states that the wide-spread use of Iodine in army medical corps has thoroughly proved its great value. He warns, however, against the use of common tincture of Iodine because in this form it irritates and stains the skin. The new form of Iodine—Lanocated Iodine Compound—is the best for such purposes. This comes in the form of an ointment and is practically stainless will not irritate and is readily absorbed by the tissue. It is the best for such purposes. It is easy and pleasant to use and every disagreeable feature has been removed. It quickly penetrates sooths, cleanses and heals. It is really delightful. Nearly all local druggists now sell and recommend Lanocated Iodine. Try it today. We believe nothing you have ever used will prove so effective and satisfying.—Adt.
